A Country duo from Madrid (Spain), one of the references of the Spanish Country scene, having played on the most relevant spanish festival of the genre, the HUERCASA COUNTRY FESTIVAL in 2015. They are the only Spanish band invited to play two years in a row (2016 & 2017) at COUNTRY TO COUNTRY FESTIVAL in London, the biggest European festival dedicated to Country music. In november 2017 they will be playing in Jefferson, Texas, at the TEXAS SOUNDS INTERNATIONAL COUNTRY MUSIC AWARDS.

Chisum Cattle Co. are Chisum and Robin Drake. Chisum is a long time stage artist in bands of country music. Right now, his creativity aim to the most genuine Truckin' Country sound, helped by his "right hand" and inseparable Robin. He matches her solid rhythm base with perfect solos that transport us to old dusty roads. Playing with them is a strong band that includes guitars, bass, drums, banjo and lap steel, looking for the sounds that influenced them, like the ones from Merle Haggard, Buck Owens, Jerry Reed and the unflagging Sleepy LaBeef.
