

# CHISUM CATTLE CO.

A Country duo from Madrid (Spain), that is one of the references of the Spanish country scene, having played on the most relevant festival of the genre, such as **HUERCASA COUNTRY FESTIVAL**, **WILD WAY FESTIVAL**, **ALMERIA WESTERN FILM FESTIVAL**.

Chisum Cattle Co. was the only Spanish band invited to play two years in a row(2016 & 2017) at **COUNTRY TO COUNTRY FESTIVAL** in London.

Chisum Cattle Co. are Chisum and Robin Drake. Chisum is a long time stage artist. Right now, his creativity and arrangements aim to the most genuine Truckin'Country sound, help by his "right hand" and inseparable Robin. He matches her solid rhythm base with perfect solos that transport us to old dusty roads. Matching them is a strong band that includes guitars, bass, drums, banjo and lap steel, looking for the sounds that influenced them, like the ones from Merle Haggard, Buck Owens, Jerry Reed and the unflagging Sleepy LaBeef.

In november 2017 they have won the "**BEST INSTRUMENTALIST OF THE YEAR**" award at **TEXAS SOUNDS INTERNATIONAL COUNTRY MUSIC AWARDS**, that takes place in Jefferson, Texas, USA, a competition with international country artists.

Their first album 90 Miles, has a strong style that resembles the great Truckin' Country sound from the 70's. Being nostalgic people, they recorded it with all musicians playing at the same time, getting that touch of strength and understanding. They've created a fistful of themes -barely two minutes each- that tells what they're intended to tell, and leaving no one indifferent. Right now they are working on their second album, to be released soon this year 2018.
