In 2017 they won the  
“**Instrumentalist of the Year**”  
award at **Texas Sounds  
International Country Music  
Awards**, that takes place in  
Jefferson, Texas, USA: a  
competition with international  
country artists.

They have played in many festivals of country music in  
Spain, such as **Huercasa Country** Festival, Almería  
**Western Film** Festival, **Wild Way** Festival, **Country  
Soul**, **Santerwest**, **Pueblos Blancos** Music Festival,  
**AuTrigalia Fest.**, **National Museum** of Social  
Antropology...

It is also the only Spanish band invited to play two years  
in a row at **Country to Country** Festival in London.

Their first album was “**90 Miles**”, and now they are  
presenting “**Each Mile & Every Mile**”, their second  
studio album. Recorded at PeerSound Studios for  
**TWH Records**, the label dedicated to americana music  
in Spain.

The solid rhythm base matches perfectly the solos,  
taking us to old dusty roads, big highways and truck  
stops. They play with a band that includes guitars, bass,  
drums, banjo and lap steel guitar.
